

We are so glad you are considering enrolling your child in Mount Juliet Christian Academy. Unquestionably selecting a school is one of the most important decisions parents must make on behalf of their child. The responsibility of providing a solid foundation necessary to establish a lifelong love of learning, growing and developing healthy relationships is certainly critical in each parent's quest for their child to become a successful young man or young woman. Add to that responsibility the desire to see them grow in their knowledge and love of our Lord Jesus Christ and that makes this decision all the more important.

The good news is that you do not have to do this by yourself. Mount Juliet Christian Academy makes available to each of our school families a caring, competent and committed faculty and staff whose purpose is to partner with you in helping your son or daughter learn the essential things necessary to grow as a whole person. We operate under the belief that God uniquely designed each of us with four distinct areas, each of which serve to make up who we are... the mental, physical, emotional and spiritual aspects of our being. Mount Juliet Christian Academy is uniquely equipped to do just that... *educate the whole person*. In each element of our program, be it a math class, an art class or on the athletic field we work diligently to make sure that each student entrusted to us is growing in each aspect of their life.

As you look through this booklet and get to know a little bit more about Mount Juliet Christian Academy we hope you will see that in all we do we strive to please God and we love our students. Our school is known for its caring, family atmosphere and we invite you to find out more about that for yourself. Please feel free to call our office to schedule a personal tour and allow us to introduce ourselves to you and let you get a true sense of life at MJCA.
